Two Methods for Reducing Debt

High Cost Debt First Method:

- List debts in order of highest cost to you to the lowest cost to you
- Pay minimum amount due on each debt
- Make extra payment to the first debt on your list
- After you pay off the first debt, make an extra payment on the next debt on the list
- Continue as needed

Snowball Method:

- List debts from the lowest balance to the highest balance
- Pay minimum amount due on each debt
- Make extra payment to the first debt on your list
- After you pay off the first debt, make an extra payment on the next debt on the list
- Continue as needed
